RE: Letter of Recommendation

I would like to express our thanks to IBA for the successful completion of the Consulting project that was desperately needed for the continued success of my company. We have a new understanding "managing" the company in a successful direction and have the tools in place to do so.

Mr. \_\_\_\_\_ has met and exceeded our expectations, with the development and implementation of improvements to all aspects of \_\_\_\_\_. He has been able to explain and implement systems that are tailored to our business, in a manner that is suited to our business aptitude.

\_\_\_\_\_ has restructured the way we will do business in the future, with the development of new estimating spreadsheets specific to my business, including all current Overheads and burdens (updated on a monthly basis) we will be able to accurately and competitively quote on all current and future projects.

The implementation of sound business planning, accountability and daily Profit / Loss tracking enables us to be proactive with the operations of our business and respond to potential problems or market fluctuations immediately.

\_\_\_\_\_ has built and implemented systems and policies that will improve our short and long term business goals with sound business practices in place.

We feel very fortunate to have had \_\_\_\_\_ involved with our company, he has been a total professional with a special understanding of the needs of his clients, his knowledge of accounting and business make him an invaluable asset to a firm such as IBA.

Thank you again,

Sincerely,
