Mr. _____
International Profit Association
1250 Barclay Boulevard,
Buffalo Grove, Ill. 60089

Dear Mr. _____

This letter is to thank you for assigning Mr. _____, and project manager _____ to our company.

_____ has really helped turn our business, of 22 years around. We now have a plan, and he has helped us realize our weak points, and to head us into the right direction for the future.

This company is operated by myself, and my two sons... we are all excited about the changes that _____ has helped us realize, and to put into place in the time that he has been here. We are, for the first time, running this company like a business, instead of by the "seat of our pants".

Our employees are also excited about incentive plans we now have.. and _____ has shown us how to pay our employees more, and also to make the company more profit.

I strongly recommend _____ to "anyone" that wishes to turn their business around and realize a profit, for a change.

I can't thank you enough, that you assigned this man to us..... he really cares about what he is doing...

Sincerely,
